

Randy Gaston is the Vice President of Flight Operations for Gulfstream Aerospace Corporation with responsibilities for developmental flight test, production, corporate transportation and sales demonstration. He has been with Gulfstream for eighteen years and was the Chief Test Pilot for the company during the G-V development program. Randy has 41 years of aviation experience as a military pilot/test pilot for the USAF, as a squadron commander, and as a civilian test pilot. He is a graduate of the USAF Test Pilot School and also served a tour as an instructor on the staff. He was Chief Test Pilot for the B-1B bomber, and also Director for the B-1B test program at the Air Force Flight Test Center, Edwards AFB. Prior to joining Gulfstream, Randy was an FAA test pilot with the Aircraft Certification Office. Randy has a BS in Mathematics and an MS in Management and is an Associate Fellow in the Society of Experimental Test Pilots. He is the recipient of the 1989 Iven C. Kincheloe award from the Society of Experimental Test Pilots for distinguished accomplishment in flight test.
