

NorCal Business Aviation Newsletter: November 2014

Hello Everyone,

Our November, end-of-year meeting is just around the corner and I want to invite everyone to it. We want this one to be a good networking session as we reflect back on the accomplishments of the NCBAA and our members this year. Here are the details.

Nov 11th, 2014

Our next meeting is scheduled for November 11th at 11:30 a.m. and will be held at Michael's Shoreline Restaurant in Mountain View and sponsored by Signature Flight Support.

Our sponsor: Signature Flight Support, we will get an update on the grand opening of Signature San Jose Mineta Airport (KSJC) from manager Ken Setzer.

Our speakers:

NCBAA Scholarship and Mentoring Committee Chairwoman Victoria Collom will talk to us about internship opportunities for organizations in 2015.

NCBAA Advocacy Committee Chairman Bob Hala will introduce the 2015 Business Aviation Objectives.

NCBAA Mentoring Committee:

Mentoring Committee continues to promote the opportunities that exist in Business Aviation. This November NCBAA meeting, thirty-two Gavilan maintenance students are hoping for feedback on maintenance opportunities in business aviation while learning more about our organization.

The SJSU aviation chapter of the Alpha Eha Rho fraternity is asking our NCBAA members for feedback on current hiring trends within our industry. Just this month, three of our Committee members (Herv Hodgson, Cameron Singh, and Craig Zirzow) gave an informative presentation at the TCU/IAM Advanced Training program here in San Jose. As well, forty-five SJSU business marketing Seniors were introduced to a Falcon 2000 at TWC Aviation, their enthusiasm was contagious.

Our committee promotes professional development of our NCBAA membership. With that in mind, Georgia State University is offering an executive Aviation Management Certificate TWO FOR ONE program. With every one paid registration from our membership, a free one will be donated. Classes start in March of 2015 with Solairus as a participating sponsor. For more information: <http://execed.robinson.gsu.edu/certificate-programs/leadership/business-aviation-leadership/>

We now need more NCBAA members involved, sharing their experiences with others, offering internships, and offering jobs. It is the personal relationships that are so very important in our industry. Networking is key.

If you can support our mentoring efforts by joining our speaker's bureau or another capacity, please contact mentoring@ncbaa.org

We are anticipating a larger crowd as we are inviting many students to the meeting. Please come by and join us in looking back and looking forward to a brighter future for Business Aviation in Northern California.

Fly Safe!

Brian
